June 11 - 12, 2021
Live Webinar Sessions

In association with:

Dear Colleagues,

It gives me great pleasure to invite you all to participate in "Le 12^{ème} Congrès d'Oncologie Francophone", "The 9th Lebanese Gynecologic Oncologic Group Meeting" and "The 10th Hematology Course" which will be held on June 11-12, 2021 through Live Webinar sessions via Zoom platform .

Placed under the sign of sharing and continuity, we are celebrating together our 12-year anniversary... This unique conference aims to promote and share the latest updates in cancer treatment.

Designed as an exchange platform, with participants and speakers from USA, Europe, and the MENA region, it gives us the opportunity to share our experiences.

Our program is built on the active participation of the Lebanese Society of Urology and "L'Association Française d'Urologie" (AFU). This plurality warrants the quality and success of this event.

I am convinced that this program will be a valuable asset in your daily practice.

I would like to thank our major sponsors for their continuous support and contribution in order to ensure the success of this event.

Long live the 12th COF, and cheers to the 13th!
