

27TH WORLD CONGRESS
OF DERMATOLOGY 2031
DUBAI - CANDIDATE CITY

The Region's Fifth Dermatology and Venereology Conference

5th RADV

Program

📅 January 23 - 24, 2026 📍 Jumeirah Emirates Towers, Dubai, UAE

| WELCOME LETTER

Dear Colleagues and Friends,

On behalf of the **Regional Academy of Dermatology & Venereology (RADV)** and in collaboration with the organizing committee of the Dermatology Center, Rashid Hospital, Dubai Academic Health Corporation - DAHC, it is our pleasure to invite you to the **Region's Fifth Dermatology & Venereology Conference**, which will be held on **January 23 - 24, 2026**, at the **Jumeirah Emirates Towers, Dubai, UAE**.

The RADV was founded to bring together dermatologists and venereologists from across the globe to share knowledge, discuss the latest research, and foster a collaborative environment for advancing the field.

The RADV 2026 objectives encompass a wide array of topics, including **Clinical Updates, Pediatric Dermatology, Aesthetics, Sexually Transmitted Infections, a Focus on Hair Disorders, and Dermatology Expert Opinion** through case-based discussions. Additional sessions include a **Hair Panel Discussion, Aesthetic Panel Discussion**, and a **Pediatric Dermatology Panel Discussion** featuring challenging cases in pediatric dermatology.

This year, we are also proud to present a variety of **workshops**, including the **Acne Scar Workshop, Patch Testing for Residents, Basic Dermatopathology for Residents, and Nail Surgery**

This conference will provide a platform for young dermatologists to present their abstracts and share cases through panel discussions and quizzes. We expect hundreds of delegates from various specialties such as Dermatology, Pediatrics, Rheumatology, and Obstetrics and Gynecology. We will also host an outstanding group of high-profile international, national, and regional speakers who will cover a broad range of topics in practical dermatology.

The RADV Conference, held annually, is not just a gathering but a stepping stone in your professional journey. It aspires to evolve into the primary scientific platform for dermatologists across various regions such as the GCC, MENA, Asia, Europe, and the Americas.

We look forward to welcoming you to Dubai for an enriching and engaging conference experience.
